Professional Summary

Computer Engineering graduate (Master's equivalent) with a passion for web development. I have strengthened my expertise through several hands-on experiences, from a digital agency internship to freelancing. Specialized in React.js and Next.js, I pride myself on delivering high-performance, user-centered interfaces. Motivated, self-sufficient, and detail-oriented, I am currently seeking a new opportunity remote or on-site to bring my energy to your projects.

Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3

Styling: Tailwind CSS, Bootstrap, Responsive Design

Data & APIs: REST APIs, Axios, JWT, MySQL, MongoDB

Tools: Git, GitHub, Vercel, Postman, Agile (Scrum/Kanban)

Professional Experience

Frontend Developer (Freelance)

Oct 2024 – Present

Remote

- Architected and deployed custom web solutions using **Next.js** and **Tailwind CSS**, achieving 90+ Lighthouse scores in performance, SEO, and accessibility.
- Collaborated directly with clients to gather requirements and deliver on schedule.
- Integrated third-party APIs (payment, maps) and implemented dynamic rendering.
- Example deployed projects:
 - boucherie-d-or.vercel.app Landing page for a halal butcher shop (Next.js, Tailwind CSS, responsive)
 - gym-e-commerce-ten.vercel.app Fitness e-commerce platform (Next.js, TypeScript, Tailwind CSS)

Frontend Developer Intern

Mar 2024 – Sep 2024

FCPO Digital Agency

Oujda, Morocco

- Built a complete e-commerce dashboard with React.js: inventory tracking, order management, real-time data visualization (ECharts, Chart.js), state management via Context API.
- Reduced load times by 40%** and **mobile bounce rate by 25%** through code splitting, lazy loading, and Tailwind CSS optimization.
- Improved inventory turnover by 20%** by providing real-time visual insights.
- Collaborated in a team of 5 using **Agile/Kanban** with Trello and GitHub.
- Similar deployed project: gym-e-commerce-ten.vercel.app

Web Developer Intern

Jun 2022 – Sep 2022

Regional Council of the Oriental

Oujda, Morocco

- Digitized a regional file management system using **React.js** and **Bootstrap**.
- Integrated **Node.js (Express)** APIs and implemented role-based access with **JWT** authentication.
- Created reusable components and optimized forms for staff efficiency.

Insurance Advisor Intern

Sep 2025 – Feb 2026

MAMDA-MCMA

Oujda, Morocco

- Developed client communication and advisory skills within a structured corporate environment.
- Managed client portfolios and insurance contracts in financial processes.

Education

Master's in Computer Engineering (Bac+5)

2019 – 2024

Sup MTI, Oujda

5-year program equivalent to Master's

Languages & Certifications

Arabic Native | French B2 (DELFI Certification) | English Professional working proficiency
